Luggage systems and more...

Riding excites.....

This is known by our employees, developers and engineers. And of course from you!

Therefore you are holding our new catalogue in your hands.

We get a lot of our ideas while driving, talks with other bikers and communication with you over the Internet. Our success is based on improving our current products and also on developing new items, because we all love biking. We only use best materials and produce them with high technical knowledge.

The top test results since decades prove our understanding for quality, our Know-how and our experience. Out of the passion for riding we serve our customers with perfect service.

Our employees help you with expert knowledge and professional customer support. Fast and safe deliveries are obvious.

Also for bikes which are more than 25 years old.

You always benefit from our experience as the oldest motorcycle luggage manufacturer.

You can trust us and our products!

Our new collection of Travel bags is a must see: optic and security are combined.

This also concerns our Street Tank bags and rear bags. Please check out yourself.

If you don't find anything visit our homepage: www.hepco-becker.de.

There you find our brand new developments for the newest bikes on the market.

We from Hepco&Becker are looking forward to count you as one of our loyal customers.

In that sense we wish you a nice and safe season and always a safety ride!

Paul Ehrhardt
Managing director

News Overview

Street The new tank bag series from Hepco & Becker

Hepco & Becker has developed a series of tank bags in 4 different designs, to go with the new Lock it tank ring with magnetic fastening system (Fidlock patented). The tank bags are fitted with the counterpart to the Lock it tank ring, the most impressive feature of which is the ease with which a tank bag can be attached and detached to the tank ring, using magnetic attraction and repulsion. Made from various, robust polyesters with reinforced sidewalls and stable base shell for shape retention.

see page 46

cooperative partnerships:

Lock it Tankring - innovative tank bag attachment - Fidlock patented

The Hepco & Becker tank ring for tank bag attachment is a new innovative leap forward in motorcycle tank bag attachment. The problems associated with tank bag positioning are eliminated by guiding magnets. The bag is positioned by these extremely powerful and durable magnets, whose function is to gently guide the tank bag into the holder. When the lock is unlocked, the tank bag is released using magnetic repulsion. Simple but effective. Compatible with all current motorbikes.

see page 44

Travel Zip white - the waterproofed Travel bag with integrated warning triangle

We revised our Travel series with a new, exclusive look in black/white with high quality logo print. Available as Dry bag in 3 different sizes and as Travel Zip bag in 2 different sizes. The Travel Zip have as special feature a hidden warning triangle, which can be rolled out and fixed on the bag.

see page 56

Easyrack - lightweight Alurack for sports motorcycles

Bikers who don't always take their top-box with them on journeys are sometimes bothered by the upward-pointing bracket left behind when the luggage compartment is not attached. Hepco & Becker has now created a solution with a simple but ingenious trick: the bracket can be folded away.

As it is needed only for mounting the top-box, the bracket can be hidden away when not in use by simply folding it into the Easyrack, thus preventing it from detracting from the bike's dynamic look.

see page 82

Hepco&Becker presents also additional parts for actual models, e.g. Yamaha MT - 09

Our product development always has the new bike releases on focus to offer additional parts as soon as possible for our customers.

For the Yamaha MT-09 we have already parts ready for delivery. Side carrier, rear rack with Alu- or Easyrack, C-Bow softbag holder and engine guard, just to name a few.

Design feature: All-round zips for capacity adjustment

Rear bag: Trolley system

The Hepco & Becker tank ring for tank bag attachment is a new innovative leap forward in motorcycle tank bag attachment.

The problems associated with tank bag positioning are eliminated by guiding magnets. The bag is positioned by these extremely powerful and durable magnets, whose function is to gently guide the tank bag into the holder. When the lock is unlocked, the magnetic poles are aligned in opposite directions and the tank bag is released using magnetic repulsion. Simple but effective. Compatible with all current motorbikes.

Lock it Tank ring

Figure with cover elements when not in use

Special Lock it adapter for mounting on Sportracks - see page 85 for Street Rear bag and Daypack

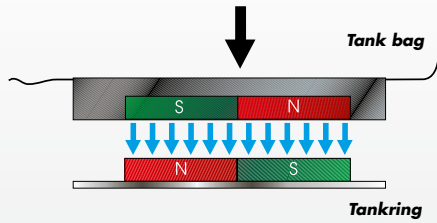

Lock it Tankring
see modellist

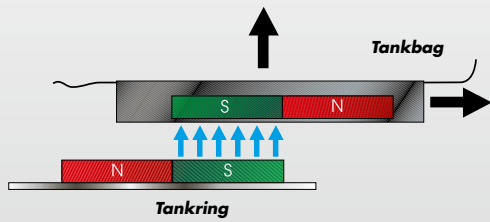

LOCK IT TANK RING

innovative tank bag attachment
- Fidlock patented

Principle of operation:

Attaching of tank bag:
Opposite poles attract each other

Removal of tank bag:
Same poles repel each other

Features:

- Mechanical locking
- Easy to use
- Magnetic centering
- Simple, but effective mechanism
- Suitable for over 200 models for attachment to the filler neck
- Fidlock patented
- Shielded magnetic field, safe for credit cards and electronic devices

Kawasaki ZZR 1400

Street Enduro at Triumph

Street Tourer L at Triumph

Hepco & Becker has developed a series of tank bags in 4 different designs, to go with the new Lock it tank ring with magnetic fastening system (Fidlock patented). The tank bags are fitted with the counterpart to the Lock it tank ring, the most impressive feature of which is the ease with which a tank bag can be attached and detached to the tank ring, using magnetic attraction and repulsion. Made from various, robust polyesters with reinforced sidewalls and stable base shell for shape retention.

Secured against theft with lock on the C-Bow holder
Comprehensive and straightforward assembly instructions

Carrier Overview

Rear racks

- tube type
- for Hepco & Becker Top cases

Stable tube construction, simply to fasten
Specially designed for your bike
Chromium-plated, black or silver
Available for many different bikes

Alurack

- without bow for your own luggage
- with bow for Hepco & Becker Top cases

Aluminium construction. High stability,
high-quality design.
Integrated cover. Covers the fastening points.
Many fastening possibilities for luggage straps.
Black and silver

Leather bag holder

- for Hepco & Becker leather bags

Stable tube construction, simply to fasten
Specially designed for your bike
Chromium-plated
Available for many different bikes

Sportrack

- luggage solution for super bikes

The Sportrack is used instead of the
passenger seat and is secured using the
motorbike's seat lock.
Uses the retainers on the passenger seat and can be
removed just as quickly
Made of black anodized aluminium
With enlargement to accommodate large luggage rolls
Suitable for mounting top cases

Easyrack

- bow can be folded away
- for Hepco & Becker Top cases and other luggage

Aluminium construction. High stability,
Ball-locking system with mechanical stop.
Integrated cover. Covers the fastening points.
Many fastening possibilities for luggage straps.
Can be mounted instead of a alurack.

Enlargement for rear racks

- for luggage like Speed bag or sleeping bags

Aluminium construction. High stability,
high-quality design.
Many fastening possibilities for luggage straps.
Black and silver

- Bespoke design for each bike
- Sturdy and elegant design,
precise manufacturing tolerances,
easy assembly
- Quality German steel tubing with high-quality
metal coating available in black, silver or anthracite
finish

Motorrad 09/2010

„Lock it is the name of the luggage system made by Hepco & Becker. The highlight: the bulky hinge for fixing the case can be removed or refitted in a second thanks to the three bayonet locks on each side. Apart from the top case carrier and inconspicuous adapters there is nothing else to spoil the look on a luggage-free trip. The finish and durability of parts is also impressive“.

Option: lockable
Lock it screw
Item-no. 151.050

LOCK IT SYSTEM

Side carrier - removable in 3 minutes

It's so easy:
1. Loosen the lower Lock-it screw

2. Loosen the upper Lock-it screw

3. Remove the complete rack

REAR RACK

appropriate and stable

DUCATI Diavel

Accessories:

Alurack

Item 650.7503 0101

C-Bow Softbag holder

Item 630.7503

- Aluminium construction.
High stability, high-quality design.
- Integrated cove - covers the fastening points.
- Many fastening possibilities for luggage straps.
- Suitable for H&B topcases with bow.

As it is needed only for mounting the top-box, the bracket can be hidden away when not in use by simply folding it into the Easyrack, thus preventing it from detracting from the bike's dynamic look.

- narrower and lighter than a standard rack
- ball-locking system with mechanical stop
- fastening possibilities for luggage straps
- mountable instead of the Alurack

Minirack

Item 660.665 0101

- Minirack enlargement,
- Aluminium, black coated
- for mounting on existing rear racks

Handguard

Item 420.665-03

- perfect design
- suitable for heated grips
- Protection of the original plastic hand protectors

Skid plate

Item 810.665

- effective protection for the motor from airborne stones and ground contact
- high quality construction
- easy to install with clear instructions and all needed hardware

Ion Blue Flocator

Item 730.665

- thanks to adjustable clips the Ion Blue Footers can be attached to tubes with different diameters
- light from the 55 watt H3 bulb
- focussed through an Ion Blue lens
- complete set includes a pair of Footers, a wire harness and case protection

Headlight grilles

Item 700.665

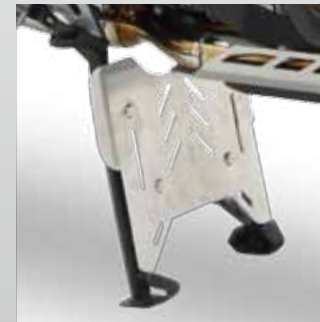

- effective protection for the headlight
- made of powder coated steel
- easy to install

Heat protection

Item 420.665-04

Due to the design a damage (influence of heat) can occur to the case. Here's our heat shield creates an effective remedy. We recommend this heat shield in particular for use with our Gobi and Junior suitcases.

Center stand protection

Item 420.665-02

- offers optimal protection
- made of aluminum
- easy to fit, sold complete with all parts needed for an easy installation

Bar riser 20mm

Item 420.665-06

- Height increase of 20
- improved handling
- more direct riding feel
- relaxed, upright riding posture
- complete with bolt set
- ABE approved/TUV approval

Gear lever, adjustable

Item 420.665-19

- wear-free stainless steel folding mechanism
- extra-strongly bolted
- stepless length adjustment
- reinforced serration
- extremely lightweight construction

Cardan protection

Item 420.665-01

- protects the Kardan
- Damage from stones and accidental boot damage can no longer occur.
- including installation kit

Protection pad hub cover

Item 420.665-13

- double protection against impacts (integrated shock absorbing layer) and slides.
- highly durable, non-slip special plastic.
- comes with complete fitting kit.
- opposite side: covers end of the hub tunnel with a turbine design

Tornado hub cover

Item 420.665-12

- covers both ends of the hub tunnel with a turbine design
- improves appearance of hub
- easy to fit, includes special fitting tool and two logos

Easy up lever

Item 420.665-09

- fast deployment
- optimized leverage
- easy to lift bike onto centre stand
- the mounting point can be chosen depending on rider height

Extenda fender

Item 420.665-21

- height-adjustable extension
- can be adjusted continuously
- comes complete with a BMW emblem.
- made of tough black ABS plastic. Easy to fit.

Footrest lowering kit

Item 420.665-07

- wide, comfortable and secure foot support
- ergonomic and relaxed knee angle
- Complete set with installation kit

Exhaust flap cover

Item 420.665-11

- made of anodised aluminum
- protect the exposed sound valve mechanism on the manifold/silencer junction

Mirror Extension Set

Item 420.665-20

- made of aluminum
- relocates mirror 1-1/2 inch out and 1 inch forward
- easy to fit
- for a good view of the traffic behind

SPECIAL ACCESSORIES

website: www.hepco-becker.de

It's all about ideas. For more than three decades.

A problem familiar to all motorbike riders of the time led to the company's foundation in 1975.

The service life of the exposed drive chain on every motorbike was curtailed as a result of dirt, dust and water getting into the individual chain links. This idea formed the basis of the company's success during its early years.

The start of the nineteen eighties saw Hepco & Becker develop and design luggage racks and cases - entering a new market segment for luggage carriers especially designed and custom made for each individual bike model. Today, more than 650 motorbike models can be equipped with Hepco & Becker carriers and racks.

Over the years, the product portfolio has been extended to include numerous useful items for motorbike riders.

In addition to wide range of luggage systems made of various materials, Hepco & Becker now also develops and manufactures high-quality cruiser parts, tank and engine guards, centre stands and numerous other useful components.

Our extensive sales system, short delivery times, spare parts supply backed up by personal, flexible service are always a given at Hepco & Becker. With sales partners in over 40 countries, Hepco & Becker is pursuing a consistent strategy of internationalisation.

You too can rely on products by Hepco & Becker.

SERVICE

If you cannot find your model in our catalogue, then please check the model application list (which is attached to the catalogue). If you have a brand new model, you can find the most current overviews on our web site!

The "My Motorbike" button allows you to search for your model's product range. Still not found?

Well, whether it is a classic or more contemporary model, we certainly may still be able to help you as we have a product range spanning more than 25 years.

For further information please contact our importers directly (for more details see our web page) or send an e-mail to us.

SPARE PARTS

Developing and producing accessories for motorcycles is our passion. Whether you need an individual screw, a trim or an emblem: for each Hepco & Becker case, all parts will be available in years to come.

If something on your cases or rack gets damaged or you've lost a key, we'll supply the part required.

To find out which components are actually available for your bike, please refer to the model application list, our website or contact us.

MS = Fastening directly with engine bolt
RS = Fastening with engine bolt at the frame
MA = Fastening with adapter plate mounted on the engine cover
RA = Fastening with adapter plate mounted on the frame

SPECIFIC NOTES / INFORMATION

GENERAL INFORMATION

Maximum load should not exceed 5 kg.

All side -or complete carriers are designed for the OEM exhaust system.

SPECIFIC NOTES

- E Recommended cases: Junior-Enduro Set
- 2 Cases Junior, Journey as well as aluminium cases limit the legroom of the pillion rider
- 5 Recommended cases: Junior 30, Aluminium-Exclusiv 30, Aluminium-Standard 35, Xplorer 30.
- 7 The original indicator lights cannot be used. The same indicator lights as at the front can be used.
These indicator lights are identical with those for CB 750/900F.
- 8 Complete carrier. The original holder/rack must be removed.
- 10 Please indicate year of construction when placing your order.
- 11 The rack is mounted additionally on the original rear rack. The Hepco & Becker topcases which are equipped with a quick-lock release can be fastened on this carrier.
- 12 Recommended cases: Junior 30, Junior 40 or Journey 42.
- 14 Varying luggage frames on the left side for chain and belt drive.
The original seat interlocking device must be removed.
- 15 An alternative fastening device is part of the fitting kit.
- 16 The item rear rack is designed as a mini rack. Only topcases with universal pallet can be mounted.
- 17 Topcases TC 40 S, Journey TC, Junior TC 40/45 S, Aluminium TC 30 S, Xplorer 45, Alu-TC Standard and Alu-TC 45 cannot be mounted because otherwise the rear indicator lights will be hidden.
- 18 For models with plastic humps behind the seat.
- 19 For models without plastic humps behind the seat.
- 20 For models with twin shock suspension.
- 21 For models with central/mono shock suspension.
- 22 When mounting the rack the rear indicator lights cannot be used.
New indicator lights are part of the kit.
- 23 The complete carrier is designed for the standard exhaust height.
- 24 The indicator lights remain in their original position.
- 25 Carrier fits for solo and dual seats.
- 26 If necessary the exhaust silencer must be placed in a lower position.
- 27 The single rear rack cannot be combined with the luggage/side frames.
- 31 Please indicate the rack model number (650.—).
- 32 Please indicate the rack model number (650.—) and side (left or right).
- 33 Carrier only suitable for solo seat.
- 34 Please indicate key number.
- 35 Please indicate key number and side/position of the lock.

- 36 Please indicate the case or the top case model.
- 37 Aluminium cases and Junior cases cannot be combined with aluminium TC 45, Junior TC 45, Journey TC 50.
- 39 Please confirm if side frames or a rear rack of Hepco & Becker is already mounted!
- 40 Side frames/pannier frames can only be mounted in combination with H&B rear rack
- 41 in combination with sidecases only Journey TC 30 and 40 can be used
- 42 please mention if your bike has a backrest
- 43 rear rack not for topcase use; may be combined with OEM
- 44 single side carrier
- 45 for models without OEM Honda rear rack
- 46 indicator lights included
- 47 rear rack for topcase use; OEM sissybar needs to be taken off
- 48 for models with cast wheels
- 49 for models with spoked wheels
- 50 for models with OEM sissybar
- 51 for models with dual shock absorbers
- 52 for models with mono shock absorbers
- 53 for models with double exhaust
- 54 for models with 4 in 1 exhaust
- 55 for models with OEM aluminium sissybar
- 56 side carrier
- 57 desert tested
- 58 for models with small tank
- 59 for models with Sebring exhaust
- 60 in combination with OEM side carrier
- 61 only in combination with OEM sissybar
- 62 symmetric side carrier for models with 2 in 2 exhaust
- 63 topcaserack for OEM rear rack bauletto
- 64 rear rack not combineable with OEM BMW rear rack
- 65 rear rack instead of pillion seat
- 66 combination Gobi sidecase with Gobi topcase not possible
- 67 rear rack for single seat; for topcase use
- 68 only in combination with OEM BMW side carrier mountable
- 69 combineable with OEM side cases
- 70 side carrier only in combination with rear rack mountable
- 71 for models with singlearm link
- 72 for models with doublearm link
